

The Fast Cleaning Concept

Premium Auto Cloth

The Auto Cloth can be used for the interior and exterior of the car.

The small Auto Cloth is used for the interior, to remove dust and dirt from the dashboard or to clean the windows.

The large Auto Cloth is for the exterior, to remove excess water after washing prior to waxing. The Auto Cloth leaves no streaks, stains and lint, the car is ready to be waxed and gives a perfect result.

The Auto Cloth is made of 100% ACTEX®. ACTEX® works like a magnet, it attracts dust and dirt.

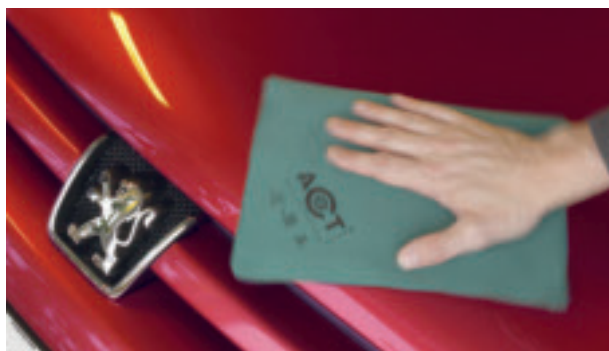

Material:

ACTEX® - 2 Years performance guarantee.

80% Polyester, 20% Polyamide

Approved according to Öko-Tex standard 100.

Art.no:	Description:	Size:	Weight:	in.	oz
600604730	Auto Cloth small	40 x 50 cm	45 g	15.7 x 19.7	1.6
600634730	Auto Cloth large	75 x 50 cm	75 g	29.5 x 19.7	2.6
72100	Spray bottle	250 ml – 8.5 fl oz			

How do you use the Auto Cloth?

Start with a dry cloth. Fold the cloth widthwise three times and you will get a total of sixteen clean surfaces to use.

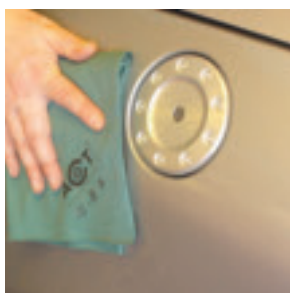

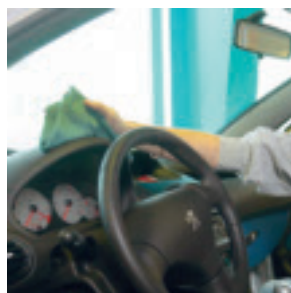

Interior cleaning

Spray clean water directly on the surface to be cleaned, put your whole hand on the folded cloth and wipe the surface with light sweeps.

Heavily soiled surfaces should be cleaned first with a Multi-Purpose Cleaning Cloth followed by the Auto Cloth. In this case it's not necessary to spray any water on the surface.

Exterior cleaning

Remove excess water after washing prior to waxing. Use the cloth in a similar way as a wash-leather.

Where is the ACT Auto Cloth used?

Interior: small

- dashboard
- windows
- leather

Exterior: large

- to remove excess water after washing prior to waxing.
- chromium
- wheel rims
- bumpers
- bodywork

Care:

Machine wash at up to max 92°C, 198°F.

Tumble dry at up to max 92°C, 198°F.

Never use chlorine or other bleaches.

Use an environmentally friendly detergent.

Never use softeners in the rinse water.

Wash separately because the products will otherwise gather lint from other fabrics.

Note!

Always rinse the cloth carefully if the cloth has been dropped on the floor or on the ground. Particles in the cloth may cause scratches or marks in the car paint or the windows.

On a waxed car never use the cloth dry on the car paint, as the cleaning effect of the micro fibre could then remove the waxed surface with a matte finish as the result.
