

The Fast Cleaning Concept

Premium Multi-Purpose Sponge

Double-sided sponge, designed for multi-purpose use, combines the microfiber cleaning virtues with sponge absorption advantage. It is very practical with two different sides, blue and green, made of ACTEX®. The green surface patented long loops picks up and retains dust, hair and larger dirt particles. The blue surface with short loops, used damp leaves all surfaces sparkling clean. The multi-purpose sponge is easy to use and can be used dry and damp. When used dry it picks up and adsorbs dust particles, dirt and hairs by static electricity. When moistened with water it absorbs dirt and grease.

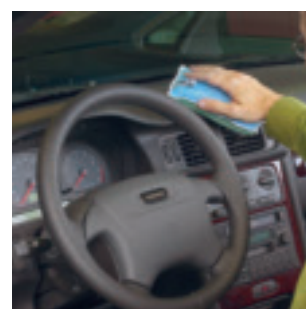

- Material:** ACTEX® - 2 Years performance guarantee for private users. Approved according to Öko-Tex standard 100.
80% Polyester, 20% Polyamide
- Size:** Approx. 16 x 10 x 4 cm 6.3 x 3.9 x 1.6 in
- Weight:** Approx. 38 g 1.3 oz
- Art.no.:** 600570004
- Description:** Multi-Purpose Sponge

How do you use the multi-purpose sponge?

The multi-sponge can be used dry and damp. Put your whole hand on the sponge and wipe with light, even sweeps. When the sponge is used dry it works by static electricity. On grease and spots of dirt, use the sponge damp. When the sponge surfaces are used damp it works by absorption power (capillary effect).

Where do you use the multi-purpose sponge?

- Bathroom: tub, washbasin, tiles, taps
- Cars: windscreen, rear and headlamps, dashboard
- Boat, caravan, campervan
- Doors

Care:

- Machine wash at up to max 60°C, 140°F.
- Tumble dry at up to 60°C, 140°F.
- Never use chlorine or other bleaches.
- Use an environmentally-friendly detergent.
- Never use softeners in the rinse water.
- Wash separately because the products will otherwise gather lint from other fabrics
