Size: Approx. 54 x 8,5 cm 21.3 x 3.3 in

Weight: Approx. 50 gram 1.8 oz

Art.no.: 641340204

Description: Interior Mop

The perfect tool for narrow, hard-to-reach places.

Ergonomically engineered in order to make the job as easy as possible.

The Mop, made from ACTEX®, picks up and adsorbs even the smallest dust particles, dirt and pet hairs by static electric attraction when used dry. Lightly moistened with water, it dissolves dirt and grease.

The Mop Head can easily be flexed into suitable shapes – and just as easily flexed back into its original flat shape.

The Mop Head also fits other handles in the ACT® range, which increases the use of the Interior Mop and Mop Head.

Mop Head

Natural finish anodized aluminium, foam plastic of Polyethylene with an inox steel core that can be flexed in any way you like, mounted on a plastic handle.

Size: 73 x 6 cm 28.7 x 2.4 in

Weight: 180 g 6.3 oz

Art.no.: 73073

Description: Interior Mop Head

How do you use the Interior Mop?

The Interior Mop is used dry for dusting hard-to-reach surfaces. Lightly moistened with water, the Mop even dissolves grease and makes things sparkling clean. Flex the Mop Head into the desired shape and reach the surfaces that are normally impossible or hard to reach.

Care:

Machine wash at up to max 92°C, 198°F.
Tumble dry at up to max 92°C, 198°F.
Never use chlorine or other bleaches.
Use an environmentally friendly detergent.
Never use softeners in the rinse water.
Wash separately because the products will otherwise gather lint from other fabrics.

Where do you use the Interior Mop?

Used dry or lightly moistened to clean behind and between radiators. Used dry to clean away dust and cobwebs on Venetian blinds. Easy to clean hanging lightfixtures and ventilation tubes, window frames and on top of doors etc. Simply, the Interior Mop gets at all those "impossible" places.
