

Outlaw B/V

Backpack Vacuum

The Outlaw B/V Backpack Vacuum from NSS® cuts through the clutter to clean where uprights and tank vacuums cannot. Ideally suited for cleaning tight areas, this comfortable, light-weight vacuum is excellent for offices, schools, theaters, auditoriums, retail stores, and even aircraft.

- The unique triangular body shape assures strong vacuum performance. Suction air flows unobstructed through the points of the triangular body even as the bag fills-up.
- For increased comfort, the Outlaw B/V's padded harness rests at the operator's hips, unlike typical backpacks that concentrate weight at the shoulders.
- An optional outlet allows the Outlaw B/V to be used with a Powerwand attachment for more aggressive cleaning performance.
- Where Indoor Air Quality is a concern, an optional snap-on HEPA filter attachment is available.

Lite Carpet and Dusting Kit
#6790141
Complete tool set with 14 in. carpet tool.

Deluxe Open Area Tool Kit
#6790069
Heavy-duty tools include a 16 in. cast aluminum carpet tool.

1 Straight, 1.5-in. I.D. intake to prevent clogging.

2 Top-fill filter for peak vacuuming performance.

3 Lightweight, durable rotocast polyethylene body resists dents and corrosion.

4 Adjustable harness is padded where it counts—at the shoulders and hips.

5 Diffused air exhaust will not disturb paper or other light objects in work area.

6 A HEPA filter assembly (#6793459) snaps on to keep even fine contaminants from being exhausted into the air.

Top View

For consistent vacuum performance, suction air flows unobstructed through the triangular body even as the bag fills-up.

8 Adjustable intake cap accommodates left or right-handed operators.

7 Cord Clip keeps the cord out of the operator's work area.

On Model #6706702.
